## 4-DAY GREENLAND WINTER WILDERNESS ENCOUNTER

Genuine Greenlandic Adventures

We believe that adventures into the wilderness are the only way to truly uncover the natural beauty and grandness of Greenland. Therefore Igloo Mountain ApS organize 3-4 day trips where the wilderness is explored by snowmobile, dogsled and boat. Many happy clients have had the experience of a life time. Of course the luxury and comfort of our normal day programs is impossible, but that is just one of the many fascinating aspects of pioneering travelling in Greenland.

### DAY 1 – OVERNIGHT IN FIRST FIORD OUTPOST

Travelers and mountain guides meet upon arrival, where luggage is packed and travelers gets dressed in

our snowmobile suits. A general briefing about snowmobile driving and safety in Greenland is given before the winter wilderness journey can begin. It is a fascinating adventure that passes interesting sites on its way to the First Fiord Outpost, where travelers are accommodated for the night.

Family-style dinner is served. Optional after-dinner night excursion. Upon request it is possible to get fully accommodated in a real Inuit igloo adjacent to the outpost.

### DAY 2 – IGLOO MOUNTAIN GLACIER PARK VISIT

The day begins with breakfast at 0700 hours then around 0900 hours the trip into the glacier park starts. It is a day where the participants will experience the undisturbed power of Greenland. It is an exhilarating snowmobile ride into the grandeur of the Igloo Mountains passing by

exquisite vista points and intriguing Nunataks. Nunataks is a mountain peak surrounded by glacial ice. It will also be possible to experience the glacier on skis using the snowmobile as our lift service.

After a rewarding break The group descent the glacier to Sisimiut hydro power plant and continue from there onto Sisimiut, where days expedition ends at Hotel Sisimiut.

### DAY 3 - SISIMIUT ADVENTURES

The participants will experience a multi-activity day, where travelers get acquainted with some of Sisimiut's remarkable adventures by land and sea.

#### Dogsled

The dogsled tour starts at 1000 hours with 0930 hours prior pick-up

at Hotel Sisimiut. The dogsled is an important part of the Greenlandic culture. In ancient times it was the only means of transportation in the winter months, when the land was covered with ice and snow. The tour goes to the foot of Niujarfik, a natural stop before the steep gradients northeast of Sisimiut town. Before turning back you will have a short break and enjoy a hot drink. This tour goes through a fairly even terrain, but still gives quite a good impression of what it's like to ride a dogsled. Dogsled tours are not recommended for people with severe back problems. Lunch buffet is available at Hotel Sisimiut upon return.

#### Boat

At 1430 hours travelers will sail into the archipelago and fiords around Sisimiut and enjoy the amazing view to the coast line and

Nasaasaaq mountain behind Sisimiut. Participants will get a good impression of life at sea and the abundant bird-life. If we are lucky we will see both seals and whales. During the winter months we have the option to sail close to and maybe through the sea ice.

#### Sisimiut Night Rider

At 2000 hours travelers will experience the exhilarating adventure of exploring the thrilling Arctic night of

Sisimiut! This 1-2 hour snowmobile safari is an ideal opportunity to capture the possibility of northern lights and the illumination of Sisimiut from above at the mountain top of Solbakken (394 masl) and from the admiring K6 Vantage Point (693 masl). The tour ends with 100% guarantee on 'Northern Lights' at Bar Aaveq for a traditional 'Greenlandic coffee'.

More than 35 years of Greenland Pioneering

## NOT INCLUDED IN THE TOUR-PROGRAM

- ❖ Personal items and clothes
- ❖ Boots and gloves
- ❖ Ski equipment
- ❖ Airline transfers
- ❖ Hotel accommodation and services not mentioned itinerary.

Boots, gloves and ski equipment can be rented from Igloo Mountain ApS upon request.

## PRACTICAL NOTES

Tour-program is conducted March and April. Tours can be conducted at other times however only on special request.

All participants must be at least 18 years of age and required to sign a waiver prior to arrival. Participants younger than 18 years of age require parental guiding and special planning, please contact us for availability.

Participants do not need technical experience in the use of technical equipment. However, we ask for previous experience in camping and multiday treks. The equipment and food are prepared in function of the expedition.

Participants can to some extent be asked to help in activities and back-country chores.

## WEATHER

The Arctic weather is unpredictable and at times harsh so weather days can occur. Weather conditions or external situations can change daily plans and the mountain guides will decide any change.

December and January have the shortest days with daylight from 1000 hours to 1430 hours. Only 4 to 5 hours compared to more than 12 hours in April.

February is the coldest month with average day temperatures around -10,2 C°.

Days quickly gets longer in March and April and these two months are excellent for outdoor snow adventures. Melt-season typically begins in the middle of April in Sisimiut (town), and about one month later in the mountains. Snow-cover can still be excellent in May, but conditions can change very fast.

Sisimiut weather data	Dec	Jan	Feb	Mar	Apr	May
Precipitation (mm)	23	19	20	22	28	18
Avg. Day temperature (C°)	-6,9	-9,4	-10,2	-10,1	-3,6	2,9
Sunshine (hours)	0	4	53	144	195	225

## PRICE

4 day tour-program:
